THE MEANS TO BUILD

Active buzzer module · 3.3–5 V

TECHNICAL SHEET / PX-BUZZACT

A small beeper for alarms, timers and feedback sounds. Switch it on and off from one control pin.

Technical specifications

Manufacturer	Shenzhen Youxinbang Technology Co., Ltd.
Manufacturer reference	1601685930980-active
Supply	3.3–5 V DC
Type	Active / actif
Trigger	Low level / niveau bas
Compatibility	Active version: it beeps at one fixed tone when powered, no tone code needed. The listing describes a low-level trigger, so the pin turns it on when pulled low. Confirm the trigger level when it arrives.

Integration notes

Start with a low-voltage bench setup. Confirm connector orientation, header population and supply requirements before making connections. Keep a wiring diagram and change one connection at a time.

Reference and use

Confirm wiring and power before assembly. Reference sheet, not assembly certification.
